Help us to build a masjid and madrassa complex in one of the most undeveloped countries
in the world in what will inshaAllah become an ongoing Sadaqah project!**

These children come from traditionally bedouin/nomad tribes who have been resettling in towns since droughts began in the 1970's and as the Sahara creeps steadily south.

The CfE project has begun north of the capital N'djamena in a town called Farm Belila. CfE is sponsoring children of local families to attend the local French School and has set up after-school madrassa classes at a family home with a live-in Sheikh employed to teach the Qur'an and Sunnah. The first building, intended to become a Masjid (although most local people are Muslim, there is no Masjid in the area) and teaching hall, has begun construction on donated land. It is intended that

CfE will widen into other areas and we have the ultimate aim of fully establishing this and other schools in Northern Chad.

We are affiliated with two established Da'wah and Development organisations, 'Tanmeyah' and 'Ansar us-Sunnah', both registered in Chad.
