How will the pampering work?

- ◆ Every person will spend over 15 minutes at each of our stations to ensure you have enough time to get some true pampering! Please note that we are facilitators: we demonstrate and teach you what to do and you will immediately put it to practice on your pamper buddy, then you will swap over so you may benefit from a pamper. This way you never do the pampering to yourself but get expert instruction and a friend to deliver. It is the best way to bond amongst women; we've experienced it so many times!
- ◆ Please wear comfortable clothing, preferably pants to ensure you can participate fully.
