

Harun Yahya Australian Tour

International Spotlight on Adnan Oktar

"At the present time Harun Yahya is the loudest voice in the debate over evolution in the Islamic World." (US Science Magazine)

Harun Yahya is an international hero. His books have spread everywhere in the Islamic World. He has developed his own Islamic creationism (New Scientist, UK).

The Man Who Refuses Darwin's Theory with the Name Of Allah (Tribune de Geneve, Switzerland).

"Atlas of Creation" is probably the largest and most beautiful creationist challenge yet to Darwin's theory, which Mr Yahya calls "a feeble and perverted ideology contradicted by the Quran" (National Centre for Science Education, USA).

....THE GLOBAL LEADER OF MUSLIM CREATIONISM....(Le Monde, France)

...."Muslim Creationist Tour France Denouncing Darwin" (Reuters, UK)

.....Muslim creationists are now to the fore...The main figure here is the Muslim-Turkish creationist Harun Yahya....(Die Welt Germany)

"...A SERIOUS OFFENSIVE AGAINST DARWIN IS TAKING PLACE. This Turkish group leaves nothing to chance. Harun Yahya, a most extraordinary character, has great strength..."

Turkish Creationist Challenges Darwin's Theory- (The Guardian, UK)

Harun Yahya...SWEEPING AWAY DARWIN'S THEORY...(Le Courier, Belgium)

Google "Islamic Creationism" and the chances are that the the top 20 items will be by, or about Harun Yahya. He operates a plethora of web sites in more than 50 languages. (The Australian Literary Review)

The Turkish writer Harun Yahya's Atlas of Creation reached thousands of people. Then, there literally complete panic, because "A BOOK FROM A MUSLIM COUNTRY HAD FALLEN LIKE A ROCK INTO THE SEA OF REALITIES..." (Liberation, France)

Harun Yahya takes the Qur'an as his basis for rejecting the theory of evolution. (La Libretto, Belgium)

Harun Yahya, the leading creationist in the Muslim world - Slate, USA

He has succeeded in spreading creationism widely in Turkey... Yahya has targeted the whole of Europe and is doing this particularly with his showy book called "The Atlas of Creation" (La Presse, Canada)
