

Assalamualaikum my fellow Muslims in Queensland;

Are you passionate about home designs?

If you have a magic wand, what would be your ideal home that would suit your privacy, modesty and hospitality needs?

Would you like to share your opinions and knowledge in a 1-2 hour in- depth interview?

My name is **Zulkeplee Othman** (you can call me **Zul**) from the School of Design at Faculty of Creative Industries.

I am doing a PhD and my research is exploring "**Contemporary Australian Muslim homes: Perceptions of privacy in the context of maintaining modesty and hospitality**".

The purpose of this project is to investigate how Muslims in Brisbane (you) perceive and achieve privacy and modesty in your home while maintaining modesty and hospitality in the modern Australian society.

I would like to talk with you about how Islamic religion and culture affect your homes and the spatial and furnishing layout.

I would also like to study and look on what the current Australian homes have to offer, with regards to these aspects and your levels of satisfaction with the current design and also the neighbourhood that you live in.

NOTE: This interview is not trying to investigate how religious you are but more or less a "better homes and gardens" interview from Muslim's point of view 😊

Please note that this study has been approved by the QUT Human Research Ethics Committee (approval number 1200000270).

If you are interested in participating, please email me at zul.othman@student.qut.edu.au or ring me at 0408 711 893 to discuss.

Many thanks for your consideration of this request. Wassalam.
