Our Intention

Our garden setting

Shajarah means 'tree' in Arabic. The tree is a symbol of knowledge and natural growth.

The roots of the tree draw nourishment from the earth in which it stands in order to fuel the growth of the stem, branches, flowers and ultimately the fruit of

the tree. Together with sunshine and rain and the will of Allaah from above, the tree will reach maturity.

It is also the right environment and intention that is essential for optimal learning and growth for children. As we cultivate our home lives to facilitate their development, we must also protect their entry into more formal education.

And if all the trees on earth were pens and the sea were ink, with seven seas yet added to it, the words of God would not be exhausted for verily, God is Almighty, Wise.

{Lugman-31: 27}

Islamic

The Islamic intention is the main ingredient in our recipe for successful learning.

If we are able to impart the essentials of our Deen to the youngest members of our communities and have them understand the great importance of good manners and proper behaviour - as well as beginning to learn the particulars of practicing Islam such as wudu, salah, Arabic, du`aa, etc then we will be placing them in a position for success in this world and the next inshaAllaah as well as fulfilling our enormous responsibility to them.

Kindergarten

Children learn through play. In a kindergarten program, your child will participate in play-based learning experiences designed to encourage their physical, social, intellectual, language and emotional abilities.

Under the guidance and care of a qualified early childhood teacher, your child will:

- Use language to communicate ideas, feelings and needs
- Make friends and learn how to cooperate with other children
- Become more independent and confident in their abilities
- Develop self-discipline
- Use their creativity to express ideas and feelings
- Identify, explore and solve problems.

Shajarah

Your Choice

Salam aleikum,

Choosing to place your child in our Islamic Child Care and Kindergarten is an acknowledgement of the importance of Islamic principles and practices in your child's life and the great benefit of continuity between your home-life and your child's educational and care environment. InshaAllaah it is the best of both worlds.

We are a family-owned and run service with qualified, experienced and caring staff. We established Shajarah in order to provide our community with a Child Care and Kindergarten service that was previously unavailable.

Please contact us for further information and availability of places.

Wasalaam, Shajarah Management.
