Palmerston is the second largest city in Northern Territory (NT). Palmerston Mosque is first for this city and third in whole of NT. Other two mosques in Darwin and Alice Springs are 24 km and 1400 km farther from Palmerston. Muslim families living in regional towns surrounding Palmerston need to travel 50 km or more to attend Darwin mosque. Palmerston Mosque will offer them a far closer facility. Palmerston Mosque is set to become identity of Palmerston Muslims and cater their religious and social needs.

Target funds for mosque \$2.7M.  
Society has obtained planning approval.

Due to remoteness and cyclone code requirements, our construction costs are higher than other main cities in Australia.
