## About DS Arabic Tutoring Centre:

It is a relatively small maddrasah which provides much needed Islamic studies to young Muslim children on the north side of Brisbane. Until recently, many Muslim children in our locality did not even know who the Prophet Muhammad (saw) was, let alone know how to read the Quran. The primary objective of the centre is to set the foundations of a prosperous future for Australian Muslims in Brisbane's northern suburbs.

The centre has been running since June 2008 and all relevant authorities are aware (and have approved) of its existence. Present enrolments stand at approximately 33 students, 17 of whom are now reciting the Quran, Alhamdulillah. Classes are held from 5pm to 7pm, Monday to Thursday. An adult class is held from 7pm to 9pm. Subjects taught at the centre include Quran recitation, Islamic History, Fiqh, Tawheed and basic Arabic.

**“\$1000 is a lot of money...and everyone is asking for money nowadays.”**

One cannot deny either of these two facts, however, the establishment and spread of our religion is at stake here. Alhamdulillah the Islamic environment in Brisbane's southern suburbs is well established; however, the north is in desperate need of attention. The fact of the matter is that \$2000 will have a far greater impact on the north-side as opposed to the south or west – greater value for money if you will.

A small group of people, from various backgrounds and nationalities, have put aside their differences and united together, to open the doors of possibility. Through them, Allah (s.w.t) has shown local Muslims, especially children, the importance of implementing Islam in our daily lives. In a very short space of time, the centre has become a beacon of hope for unity among Muslims in Brisbane's northern suburbs.

While progress has been made, there is still a long way to go, thus it is imperative that we make an effort to ensure that the centre survives and continues to function. For this reason we are asking our Muslim brothers and sisters for financial assistance. Inshallah Allah will reward you abundantly both in this world and the hereafter, for your generosity.
