

# Speed Intros for Muslims

## Presents

A fun night out for Muslims searching for marriage partners.

“Speed Intros for Muslims” has adopted the concept of “speed-dating”, and has arranged an event to assist single Muslim males and females to meet one another. Applicants will be age-categorised and will have the opportunity to have a five minute “interview” with potential partners. The event will be in a supervised and safe environment. Attendees may then choose to provide each other with their contact details, or alternatively this can be done by “Speed Intros for Muslims” with the consent of each person involved.
