

Speed Intros for Muslims

Presents

A fun night out for Muslims searching for marriage partners.

“Speed Intros for Muslims” is a service designed to help introduce Muslim brothers and sisters who seek a partner for marriage. Only those who are genuine in this intent are encouraged to attend these events.

The evening will be run in a similar manner to “speed-dating”. We aim to have equal numbers of males and females in age-categorised groups. Each person will have the opportunity to conduct a five minute “interview” with each potential partner. The event will be in a supervised and safe environment. Attendees may then choose to provide each other with their contact details, or alternatively this can be facilitated by “Speed Intros for Muslims”, with the consent of each person involved.

“Speed Intros for Muslims” hopes that this will be an enjoyable and successful evening for all involved, Insha-Allah.
